1 Summary of Performance

1.A Introduction

This Budget Performance Report for Ebonyi State is prepared quarterly and issued within 4 weeks from the end of each quarter.

This report includes the original approved budget and revised/final budget appropriation for the year 2023 against each organizational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q1, attributed to each organizational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q1 report is assessed against the 2023 Original / Revised / Final budget.

The core economic classifications refer to:

- Personnel – Economic Sub-Account Type 21
- Overheads - Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

This Budget Performance Report is produced by the Budget Department of the State Ministry of Finance and Economic Development and published on the Ebonyi State Government Website.

1.B Revenue Performance

For the 1st Quarter of 2023, Ebonyi State Government's performance though not optimal was reasonable across most categories. At the aggregate level, a performance of 30.3% of budgeted revenue as at the end of the 1st Quarter implies that the expected performance was above by 5.3% by the end of the 1st Quarter of 2023.

With a performance of 26.7% of projected revenue as of the end of the 1st Quarter, the State's actual recurrent revenue is above its revenue projection by 1.7%. FAAC receipts at the end of the 1st Quarter stood at 27.9%; this is above its projection by 2.9%.

The State's actual IGR collection as of the end of 1st quarter of 2023 was 23% of the Final Budgetary figure. This is below the budgetary mark by 2%. This fall was expected as this was during the heat of the Election cycle in the State as most residents retreated to their States of Origin or villages for campaigning, followed by voting. This was certainly a contributing factor affecting collection performance in the State.

Under Capital Receipts, Aids and Grants has a performance of 13.3% which is a shortfall of 21.7% from its projections. This is in large part due to the non-receipt of funds for Concessioning of the Airport in the 1st quarter of 2023; this is expected before the 3rd quarter of 2023.

At the sectoral level, the Social Sector led other sectors in terms of the share of its annual budgeted revenue realized at the end of the 1st Quarter of the year. The sector realized 26.18% of its budgeted revenue for the year. The Economic Sector followed the Social Sector, having generated 21.3% of the annual budgeted revenue of the sector. The Regional Sector followed the Economic Sector by realizing 17.06% of its sectoral budgeted revenue for the year, while the Law and Justice Sector realized up to 12.07% of the sector's budgeted revenue. The Administrative Sector realized the least proportion by performing up to 2.36% of the sector's annual budgeted revenue as at the end of 1st

quarter of the 2023 fiscal year. At MDA level, only the Ministry of Works and Transport and Secondary Education Board met or exceeded their expected budgeted revenue figure (25%) as at the end of the 1st Quarter of 2023 fiscal year with a performance of 25.9% and 39% respectively.

While on aggregate Ebonyi State exceeded its expected revenue target, a critical look shows that more attention must be paid to increasing funds from Capital Receipts in the quarters to come.

1.C Recurrent Expenditure Performance

The actual recurrent expenditure of Ebonyi State within the 1st quarter of 2023 represents 22.3% of the annual aggregate budgeted recurrent expenditure. This performance is less than the 25% performance that is expected within each quarter (Assuming recurrent expenditure is spread out evenly over the 4 quarters). Payment of Gratuity which was expected to be paid in the 1st Quarter of 2023 has been moved to 2nd Quarter of 2023.

Disaggregating the recurrent expenditures of the State, in the 1st Quarter, Personnel cost took up 13.6% of the budgeted personnel cost for the year based on the Final Budget. This level of performance is lower than the 25% mark for quarterly budget execution. At the sectoral level, the Regional Sector led other sectors in the 1st quarter with 25.4% of the sector's annual budgeted personnel cost spent within the 1st quarter. The Law and Justice Sector followed with 23.7% performance in the 1st quarter, while the Administrative Sector got the third position with 18.2% performance of its annual budgeted personnel cost within the 1st quarter. The Social and Economic Sector recorded the least performances of 18.1% and 7% respectively in the 1st quarter of the 2023 fiscal year.

The State Government's performance in terms of overhead costs within the 1st quarter of the 2023 fiscal year stood at 30.8% of the budgeted total overhead cost for the year. At the sectoral level, Administrative Sector led other sectors in the 1st quarter with 31.9% of the sector's budgeted annual overhead cost spent within the quarter. The Economic Sector followed with a close second at 26% of its budgeted annual overhead cost spent in the 1st quarter, while the Law and Justice Sector recorded a performance 23.1% of its budgeted annual overhead cost within the 1st Quarter. The Social Sector and the Regional Sector recorded the least performances of 15.7% and 7.7% respectively in the 1st Quarter.

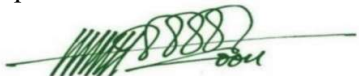

1.D Capital Expenditure Performance

Out of the Final budgeted Capital expenditure of ₦139.39 billion for the whole year of 2023, the sum of ₦20.06 billion was spent on Capital projects in the 1st quarter of the year. This amount spent represents 24.8% of the budgeted Capital expenditures spent in the 1st quarter; this lower than the expected 25% performance per quarter for full implementation of the capital expenditure budget.

Capital Expenditure in the 1st quarter was close to optimal but we expect increased implementation as we receive expected Capital Receipts and as IGR increases in the upcoming quarters.

1.E Conclusions

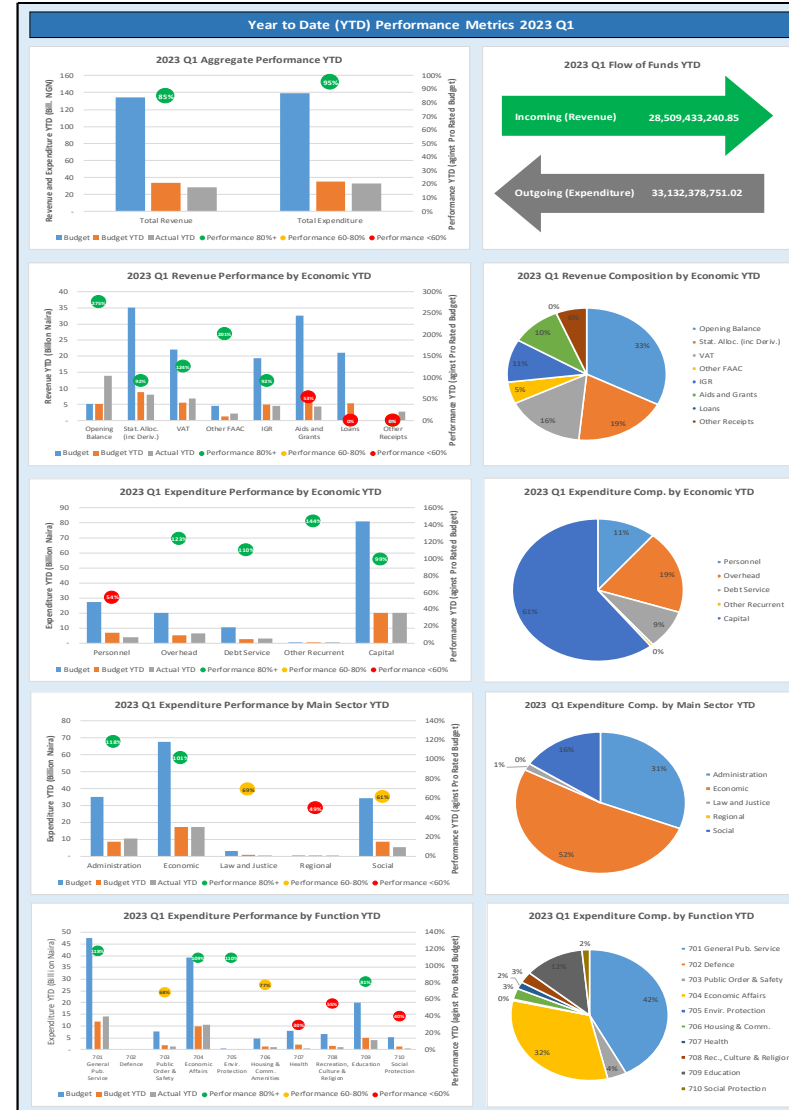

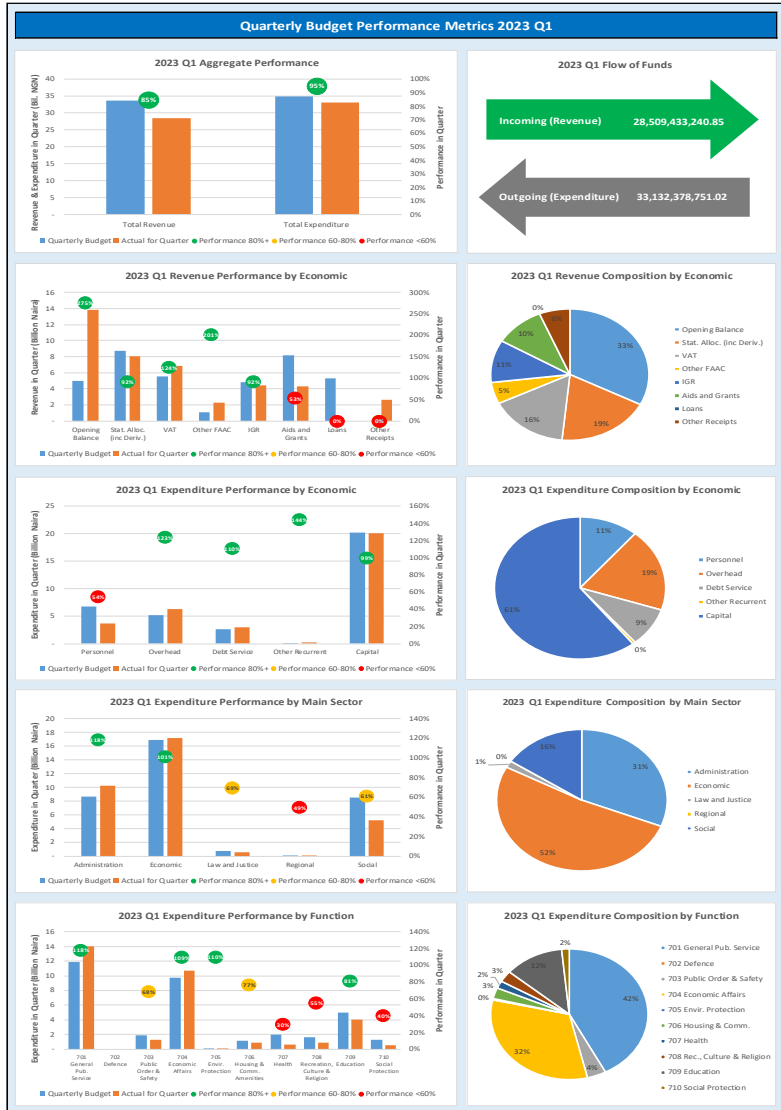

Considering the discussions above, the Budget Performance of Ebonyi State Government in the 1st quarter while reasonable did not match expectations. We expect improved results in the coming quarters with increased Internally Generated Revenue and expected funds from Capital Receipts.

Orlando Okechukwu Nweze

Honourable Commissioner for Finance and Economic Development
