1 Summary of Performance

1.A Introduction

This Budget Implementation Report for Ebonyi State is prepared quarterly and issued within 30 days from the end of each quarter.

This report includes the original approved budget appropriations for the year 2026 against each organisational unit for each of the core economic classification of expenditures (Personnel, Overheads, Capital, and Others); the actual expenditures for the quarter Q3, attributed to each organisational unit, as well as the cumulative expenditures for year to date, and balances against each of the revenue and expenditure appropriations.

This Q3 report is assessed against the 2026 Original budget.

The core economic classifications, as per the National Chart of Accounts (NCOA) refer to:

- Revenue – Economic Account Type 1
- Personnel Expenditure – Economic Sub-Account Type 21
- Overheads Expenditure - Economic Account Class 2202
- Capital Expenditure - Economic Sub-Account Type 23
- Other Expenditures (covering Loans, Grants and Contributions, Subsidies, Debt Service and Transfer Payments) - Economic Account Classes 2203-2209 as applicable

This report includes sections 3 and 4 detailed reports on Primary Healthcare and Basic Education expenditures, respectively.

This Budget Implementation Report is produced by the Ministry of Budget, Planning, Research and Monitoring and published on the Ebonyi State website.

1.B Revenue Performance

In this third quarter of 2026, Ebonyi State Government's revenue generation performance was assessed across three key categories:

- Federation Account Committee (FAAC) receipts
- Independent Revenue
- Capital Development Fund Receipts

For January–September 2026, total revenue including the opening balance was ₦307.55 billion, equivalent to 34.7% of the ₦885.81 billion annual budget provision on that basis. This comprises recurrent revenue of ₦230.52 billion, other receipts of ₦28.80 billion and an opening balance of ₦48.23 billion. Excluding the opening balance, revenue receipts totaled ₦259.32 billion. The distinction is important because the opening balance represents resources brought forward, not revenue generated during 2026.

In Q3, the State received ₦91.94 billion as its share of Federation Account allocations (FAAC), while internally generated revenue (IGR) amounted to ₦4.97 billion. The quarter's revenue was therefore predominantly driven by FAAC transfers. IGR was lower than the ₦15.09 billion reported for Q2. Differences in the timing of collections, remittances and accounting recognition can affect quarterly results; the available figures do not, by themselves, establish the cause of this decline.

Cumulatively, FAAC receipts stood at ₦205.81 billion, or 43.8% of the annual estimate of ₦469.91 billion. IGR reached ₦24.71 billion, representing 49.7% of the annual target of ₦49.71 billion. Revenue performance remains below the 75% nine-month benchmark, underscoring the need for sustained collection and revenue monitoring.

During the third quarter, no additional receipts were recorded under Aid and Grants or Capital Development Fund (CDF) Receipts in the budget summary. For January–September 2026, Aid and Grants amounted to ₦405.04 million against an annual provision of ₦17.15 billion (2.4%), while CDF Receipts amounted to ₦28.39 billion against ₦340.03 billion (8.4%). Combined Other Receipts were ₦28.80 billion, representing 8.1% of the annual estimate of ₦357.18 billion.

Across all revenue categories, by administrative sector, Q3 revenue was concentrated in the Economic Sector, which accounted for ₦96.86 billion and had accumulated ₦250.36 billion by September. The Social Sector recorded ₦23 million during the quarter and ₦8.85 billion cumulatively, while the Regional Sector recorded ₦32 million in Q3 and ₦108 million year to date. Administration and Law and Justice each recorded less than ₦1 million in quarterly receipts.

1.C Recurrent Expenditure Performance

During Q3, recurrent expenditure was ₦40.67 billion, comprising personnel costs of approximately ₦8.19 billion and other recurrent costs of ₦32.47 billion. Overhead expenditure within the latter category amounted to approximately ₦19.12 billion. These expenditures support the operation of public institutions and the delivery of government services.

By the end of September, cumulative recurrent expenditure was ₦98.48 billion, representing 59.2% of the annual provision. Personnel costs reached ₦25.06 billion (43.6% of budget), while other recurrent costs amounted to ₦73.42 billion (67.5%).

In sectoral terms, personnel expenditure during Q3 was highest in the Social Sector at ₦4.76 billion, followed by the Economic Sector (₦1.88 billion), Administration (₦1.06 billion), Law and Justice (₦475 million) and the Regional Sector (₦17 million). Cumulative personnel expenditure in these sectors reached ₦14.66 billion, ₦5.62 billion, ₦3.39 billion, ₦1.34 billion and ₦51 million, respectively.

Overhead expenditure in Q3 was concentrated in Administration (₦18.57 billion), followed by Law and Justice (₦147 million), the Social Sector (₦218 million), the Economic Sector (₦185 million) and the Regional Sector (₦2 million). Cumulative overhead expenditure reached ₦48.29 billion in Administration, ₦773 million in the Social Sector, ₦702 million in the Economic Sector, ₦644 million in Law and Justice and ₦4 million in the Regional Sector. In addition, other recurrent expenditure, reported separately from overhead, amounted to approximately ₦13.35 billion in Q3, primarily in the Economic Sector.

1.D Capital Expenditure Performance

Capital expenditure was the most notable feature of Q3 budget performance. The State recorded ₦95.62 billion in capital expenditure during July–September, approximately 210% higher than the ₦30.84 billion recorded in April–June. The higher spending indicates a marked increase in financial implementation of the capital projects.

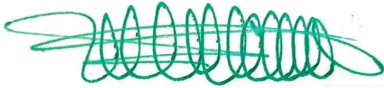

Cumulative capital expenditure rose to ₦158.23 billion at the end of Q3, compared with ₦62.61 billion at the end of Q2. This represents 22.0% of the ₦719.55 billion annual capital budget. The relatively low cumulative percentage reflects the large size of the capital projects relative to expenditure recognized so far, alongside the significant shortfall in projected capital receipts.

The sectoral breakdown shows that the Economic Sector accounted for ₦53.01 billion of Q3 capital expenditure, followed by the Social Sector at ₦38.67 billion. Administration recorded ₦3.63 billion, the Regional Sector ₦308 million and Law and Justice ₦4 million. On a cumulative basis, the Economic Sector reached ₦91.42 billion and the Social Sector ₦57.34 billion; Administration recorded ₦8.81 billion, the

Regional Sector ₦350 million and Law and Justice ₦311 million. The Economic and Social Sectors therefore accounted for most of the capital spending during the quarter.

1.E Conclusions

The third quarter of 2026 recorded a substantial increase in capital expenditure and continued funding of government operations. The State's budget performance is influenced by the level and timing of FAAC receipts, IGR collections and the availability of capital financing. In particular, the low realization of projected capital receipts limits the resources available to implement the full capital projects. The acceleration in Q3 expenditure is encouraging, but the pace of spending during the remaining quarter will depend on funding availability and the readiness of projects for execution. We will need to maintain attention to revenue collection, prudent expenditure management and the effective delivery of priority projects during the final quarter of the year. Having said that, the cumulative nine-month results, however, show that both revenue mobilization and capital implementation remain below annual budget expectations. A revision of the budget might be necessary to align with existing realities.

Chief Mrs. Deborah Chinwe Okah
Honourable Commissioner

3 Primary Healthcare Budget Performance

3.A Overview

The implementation of the Primary Healthcare budget recorded significant improvement during the third quarter of 2026, reflecting increased expenditure on healthcare programmes and investments in the sector.

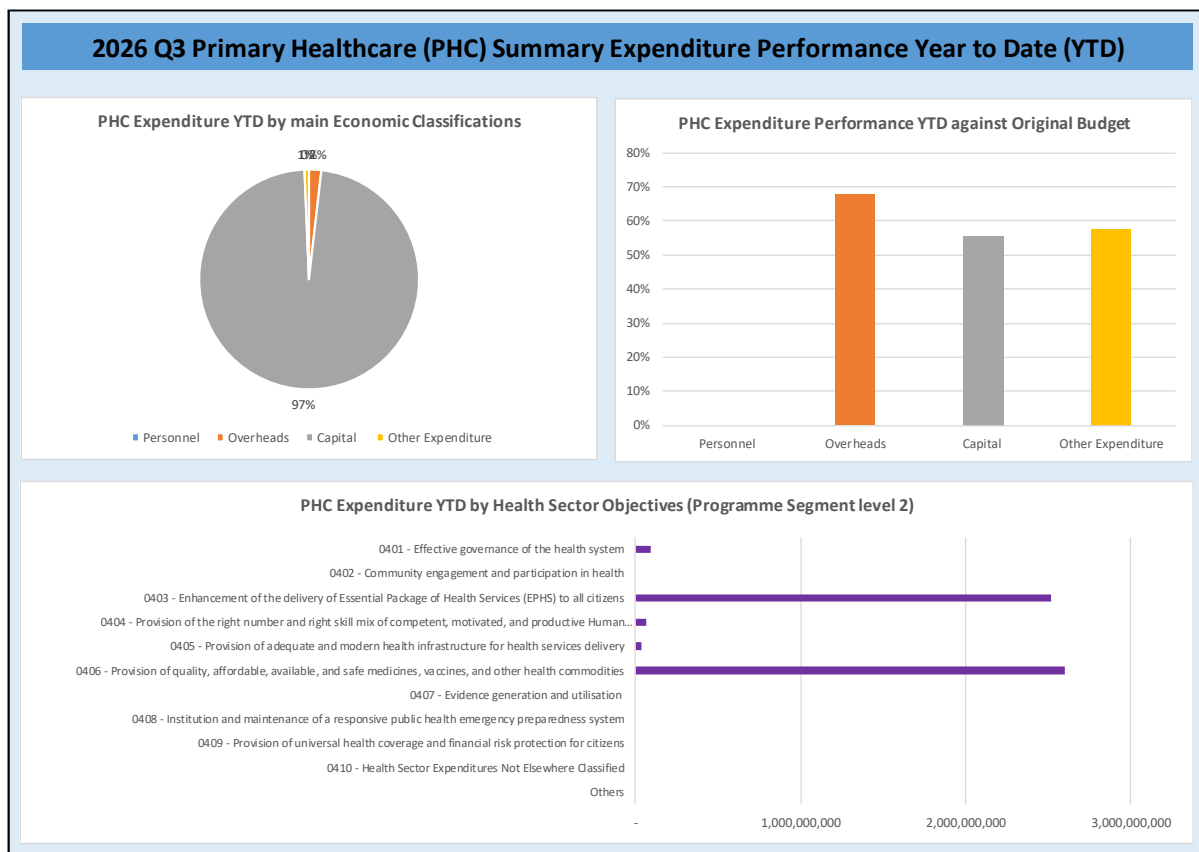

During the period July to September 2026, total Primary Healthcare expenditure amounted to ₦5.20 billion, compared with ₦89.58 million recorded in the second quarter. This substantial increase indicates accelerated financial implementation of healthcare activities during the quarter.

Cumulatively, expenditure from January to September 2026 stood at ₦5.31 billion, representing 55.7% of the approved annual Primary Healthcare budget of ₦9.53 billion. This leaves an unutilized balance of ₦4.22 billion.

Recurrent expenditure during the quarter amounted to ₦25.32 million, bringing cumulative recurrent expenditure to ₦130.95 million, representing 64.8% of the approved recurrent allocation of ₦202.22 million.

Capital expenditure amounted to ₦5.18 billion during Q3, bringing cumulative capital expenditure to the same amount, equivalent to 55.5% of the ₦9.32 billion annual capital allocation. The major areas of capital expenditure were the purchase of fixed assets, amounting to ₦2.51 billion, and construction and provision of facilities, amounting to ₦2.66 billion. These represented implementation rates of 44.7% and 82.6%, respectively, against their annual provisions.
